# It's time to discover the world of Maxi-Cosi

Hello and welcome to our latest collection of stylish, comfortable, safe and convenient products designed especially to suit you and your child's needs. Whether you're a mum-to-be or already a parent, we're sure you'll find exactly what you're looking for, so you can both have an enjoyable time together on the go, discovering the world. For the very latest information on all our innovations, products, safety features and more visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

## **What makes Maxi-Cosi products so special?**

At Maxi-Cosi we understand the thrill of having a new baby in the family and the excitement of spending time together, discovering the world as you both grow - as a parent and as a curious, wide-eyed baby. That's why, for over 25 years, we've been innovating, designing and producing the safest, most practical and comfortable products available. Many of our products have received awards from independent consumer organisations and industry specialist alike, and both user groups and Internet forums have also recommended many Maxi-Cosi products.

We know that often what a parent needs is a flexible travel system that lets you and your baby discover the world straight from birth - the Maxi-Cosi Mura (page 6). And since we understand that as a parent you want to know you've done all you can to protect your child's safety in the car - now and in the future - we developed the Car Seat Family (page 18). The single base unit (FamilyFix, page 26) can be used with two different age group seats (Pebble, page 22 and Pearl, page 34) for years of safe travelling. And because we developed the revolutionary patented Maxi-Cosi Rodi AirProtect system that exceeds even the most stringent safety tests (page 46) you can enjoy every journey just that little bit more. **Enjoy. Maxi-Cosi.**

A large, circular photograph of a woman with blonde hair smiling down at a baby she is holding. The baby is wearing a light blue patterned onesie. The background is blurred green foliage.

## Getting you from A to wherever you want to Be

We know that you want to get from A to wherever you want to Be in comfort, safety and style. That's why we've designed a whole range of pushchairs to suit every need. So, whether you're looking for a lightweight, easy to carry buggy for a quick trip to the shops or a more rugged pushchair for exploring the road less travelled, you'll find a Maxi-Cosi pushchair makes spending time together even more fun. **Enjoy. Maxi-Cosi.**

# Maxi-Cosi Mura

From birth to approx. 3.5 years (0-15 kg)

## Especially designed to multi task - just like mum

As soon as your baby is ready to discover the outside world you need a flexible travel system that fits your baby's routine. The award-winning Maxi-Cosi Mura gives you the freedom to enjoy your time together from baby to toddler, with a comfortable and spacious seat that can be installed and reclined in both forward and rearward-facing positions. Of course, the frame can also be used to carry a Maxi-Cosi infant car seat and the Mura carrycot for added flexibility. With air-filled tyres for extra comfort, a large shopping basket and a whole range of accessories available, you can go out together, for longer. From birth to approx. 3.5 years (0-15 kg)

At the end of the day, simply hide it away

Being a parent changes your life for the better, and what better way of enjoying your time together than in a pushchair that gives you and your baby all-day comfort. The Maxi-Cosi Elea's rigid outer shell protects your child and a soft, well-padded seat unit gives your baby or toddler that extra bit of comfort. The fully adjustable lie-flat seat unit can be used forward or rearward-facing and, thanks to the two unique folding options - quick-folding for daily use and optimal-folding for compact storage - this pushchair is an ideal way of getting out and about, wherever and whenever. ## More room to explore their world

When children come along, your house quickly becomes filled with everything necessary to provide them with all the things they need to grow. The Maxi-Cosi Loola is designed to fold to a compact size for easy, convenient and discrete storage. When out exploring, you'll have the flexibility to have your infant facing you or the world as they get older, and the ergonomic handles can be adjusted to several positions, giving you both a more relaxed ride. # Maxi-Cosi Mila

From birth to approx. 3.5 years (0-15 kg)

## Good things come in small packages

Your baby will be enthusiastic to discover the world straight from birth, and feeding their curious mind will give them confidence as they develop and grow. The Maxi-Cosi Mila is ideal for discovering the world together. The colour-coded frame is specially designed to be used along with a Maxi-Cosi infant car seat. For older babies (6 months and above), you can switch to the Maxi-Cosi Mila seat unit, which can be adjusted to a fully flat position during nap times and comes with a large sun canopy to protect them from direct sunlight. When the day is over, the Maxi-Cosi Mila is effortless to fold and stands upright when folded for compact storage. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

# What you need to know about car seats

## Designed for Life

For over 25 years, Maxi-Cosi has been and continues to be at the forefront of award-winning child car seat technology, innovation and safety. Setting the standards and repeatedly exceeding even the most stringent government safety requirements, Maxi-Cosi works hand in hand with the world's leading safety experts and test institutes to continuously test, research and develop the safest products trusted by parents - just like you - all over the world.

## IsoFix, the safest way to travel

Nowadays, almost all newly-built cars come with the IsoFix system as a standard feature. This system offers exceptional safety and enables you to easily secure your child's car seat directly to the car's bodywork, without having to use the car's safety belt. To check if your car comes with this system and to find out more information visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

## The hidden dangers of buying second-hand

We recommend you do not purchase a second-hand car seat. Why? Because once a car seat has been involved in an accident or collision, it is no longer safe for use. Often, the built-in safety features will have absorbed much of the impact, keeping the child safe and secure. The damage is normally invisible to the untrained eye, but leaves the car seat useless. Just as importantly, essential parts of the car seat (and instructions) could be missing, decreasing the safety of the car seat. For these reasons, it's better to be safe than sorry. For more information visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

## What the law says

In 2006, European legislation was passed stating that the use of safety belts in cars and approved child safety devices was mandatory for all children up to 1.35 metres, and in some countries up to 1.50 metres in height for transport by car in the front and back seats. Only child car seats and boosters with the ECE R44/04 certificate label meeting the minimum safety standards can be used. It's reassuring to know, all our products not only meet but exceed these safety standards. Visit [www.maxi-cosi.com](http://www.maxi-cosi.com) for more.

## How to choose a seat that fits

Depending on the height and weight of your child, you'll be able to find a Maxi-Cosi car seat that suits your individual requirements. It's important to know that, when selecting a car seat, it must fit your child's size immediately.

Age should only be used as an indication - remember, all children grow and develop differently.

### There are three main groups of Maxi-Cosi car seats:

#### Infant (group 0+) 0-13kg

From birth to (approx.) 12 months old

Pebble  
page 22

Cabriofix  
page 24

Opal (0+/1)  
page 32

#### Toddler (group 1) 9-18kg

From (approx.) 9 months to 3.5 years old

Opal (0+/1)  
page 32

Pearl  
page 34

Axiss  
page 36

Tobi  
page 38

Priori XP  
page 40

#### Child (group 2/3) 15-36kg

From (approx.) 3.5 to 12 years old

Rodi AirProtect®  
page 46

Rodi XP  
page 48

### Is it time to step up to the next group?

- Step up to group 1 if your baby's head is level with or above the top of the infant car seat
- Step up to group 2/3 if your child's shoulders are above the highest openings for the shoulder straps
- You no longer legally require a child seat if your child is 1.35 or 1.50 metres tall (approx. 12 years old)

For more information and installation advice visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

# The Car Seat Family

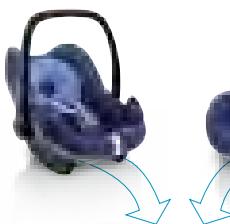

# One IsoFix base Two car seats Three years and more of fun together

**Maxi-Cosi FamilyFix.** From Pebble to Pearl, this IsoFix system grows along with your child. The Maxi-Cosi FamilyFix is revolutionary in the field of car seat safety and convenience. Thanks to the unique IsoFix system, you'll be set for years to come. This is because both the new Maxi-Cosi Pebble infant car seat and the new Maxi-Cosi Pearl toddler car seat for children up to 3.5 years old, fit on the Maxi-Cosi FamilyFix!

You can attach the car seats to the Maxi-Cosi FamilyFix in a split second. And you can place your child in the Maxi-Cosi Pebble or Pearl just as quickly thanks to the open belt design. An ingenious light and sound signal lets you know that you can travel safely with your child. So all you have to do now is make great plans and head out to discover the world together. **Enjoy! Maxi-Cosi.**

Visit [www.maxi-cosi.com](http://www.maxi-cosi.com) for more information.

## Carrying your hopes and dreams for over 25 years

Travelling in the car with your baby will be as thrilling for you as it is for them, and when they are travelling safely and comfortably in a Maxi-Cosi infant car seat you can relax and enjoy the ride, knowing they are very well taken care of. For over 25 years, Maxi-Cosi has designed the very best, award-winning child car seats and won many safety awards along the road. So sit back and relax, as there's no safer place for your child to be. **Enjoy. Maxi-Cosi.**

Infant (Group 0+)

# Maxi-Cosi Pebble

From birth to (approx.) 12 months old (0-13 kg)

## It's never been easier to get in and go out

Often, struggling with a lively infant makes even the simplest task seem like hard work. That's why the Maxi-Cosi Pebble has innovative 'stay-open straps' to take the hassle out of securing your little one in their car seat. Once they are safe and secure, the car seat can then link to the FamilyFix base, the EasyBase 2 or the car's seat belt system. Also compatible with almost any pushchair, the integrated sun canopy can be used to protect the infant from direct sunlight or light rain, which makes going out together an even more pleasurable experience. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

# Maxi-Cosi CabrioFix

From birth to (approx.) 12 months old (0-13 kg)

## Multiple ways to keep on moving

Switching your baby from a car seat to a separate pushchair seat can often disturb them and upset their routine. The Maxi-Cosi CabrioFix was the first car seat to be awarded a 5-star safety rating and is designed to connect with almost any pushchair, making this car seat ideal for the first twelve months. For added flexibility, it can also be used with the IsoFix system, a safety belt base or simply the car's seat belt system. With a built-in 'cabrio' roof for extra comfort from light rain or indirect sunshine, this car seat is a great place to be for your child's comfort and safety. More details can be found at [www.maxi-cosi.com](http://www.maxi-cosi.com)

(with Maxi-Cosi Pearl)

## One base for three and a half years of fun on the go

From the moment you become a parent, you quickly learn to think two steps ahead and plan well in advance for every occasion. Future-proof your baby's safety in the car with the award-winning Maxi-Cosi FamilyFix base unit. This innovative system attaches in the car using IsoFix - available in most newly-built cars.

This single base unit can be used with any of the Maxi-Cosi Car Seat Family products (Pebble or CabrioFix and Pearl) to ensure up to three-and-a-half years of safe travelling. You'll know you've attached the car seat and leg-supported base unit correctly with the aid of a light and sound display. Once it is locked in place and your child is loaded in the seat, it's time to hit the road. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

# Seat belt Maxi-Cosi EasyBase 2

From birth to approx. 12 months or up to 13 kg  
(with Maxi-Cosi Pebble or CabrioFix)

## Easy does it

Preparing your baby for a trip in the car, whether it's a short ride to the shops or a long road trip, can sometimes be a hassle. The Maxi-Cosi EasyBase 2 makes getting your infant car seat in and out of the car hassle-free. That's because the base unit stays securely attached in the car - using the car's seat belt system - at all times, leaving you free to attach the car seat or remove it with a minimum of fuss. An indicator lets you know that the seat is safely installed and a belt tensioner ensures that the base is extremely secure at all times. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

The Maxi-Cosi infant car seat must always be fitted in a rearward facing position (in the opposite direction to the traffic flow) using a standard 3-point seat belt or base (IsoFix or non-IsoFix base). NEVER place the Maxi-Cosi infant car on a front seat if an airbag is fitted.

## Enjoy life's journey

We know that your little bundle of fun is full of energy and that the last thing on their mind is sitting quietly. For over 25 years Maxi-Cosi has designed award-winning car seats that are safe, strong and hard-wearing to keep your toddler sitting comfortably, no matter how long the journey. Every seat is made to last with in-built room for growth. Simple to operate, the Group 1 (9-18 kg) car seats can be altered to fit your ever-growing child, so that every trip is enjoyable for you both. **Enjoy. Maxi-Cosi.**

# Toddler (Group 0+/1) **Maxi-Cosi Opal**

From birth to approx. 3.5 years old (0-18 kg)

## Happiness goes both ways

Like you, many parents are very practically minded, and planning for the future comes as second nature. The Maxi-Cosi Opal is ideal for the forward-thinking parent. That's because this car seat can be used for an extended period to protect your child up to the age of three and a half years old. There's extended leg room and an adjustable headrest so the seat can be used in its safest 'rearward' position for a longer period. You can easily change it to a forward-facing position so they can see more of the world around them, when they are old enough. Forward-facing, the Maxi-Cosi Opal offers easy adjustment from sitting to sleeping for optimal comfort, even on the longest journeys. Extra thick padding, side protection and easy width adjustment ensures your growing child is well looked after, now and far into the future. ### Sit back and enjoy the ride

If your child isn't comfortable they'll soon let you know, especially as they discover their voice! With five comfortable positions, from sitting to sleeping, the Maxi-Cosi Pearl gives you plenty of options to get your little one sitting perfectly. As your child grows, the headrest and harness belts can also grow to accommodate their ever-developing bodies. Along with the innovative harness system that helps get your child in and out of the car seat easier, the car seat can only be installed with FamilyFix\* base (IsoFix), so you can both sit back and enjoy the ride, knowing you're well looked after. # Maxi-Cosi Axiss

From (approx.) 9 months to 3.5 years old (9-18 kg)

Turn it to your advantage

Getting your child in and out of the car becomes increasingly difficult as they grow bigger.

The Maxi-Cosi Axiss is specially designed to turn through 90 degrees allowing you easy access to your child to secure them in the car seat or take them out when you've arrived. Of course, because of the unique swivel design, you also avoid painful back problems which some parents have experienced. This award winning, innovative car seat also has a colour indicator that lets you know the car seat is locked properly after the child is seated safely. Adjustments to the height, sitting position and straps can be made - hassle free - from the front of the seat too. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

I spy with my little eye...

Just like you, your child likes to take in the sights around them during the journey. The Maxi-Cosi Tobi car seat makes it easy to see out of the window, thanks to its specially designed base, which positions the seat higher up in the car and makes playing 'eye spy' a lot more fun. Of course, when it's time to count sheep the car seat can also be reclined for sleeping. For your own peace of mind, you'll also spot a colour indicator that confirms that the child is properly secured in the car seat. For more details visit [www.maxi-cosi.com](http://www.maxi-cosi.com)

## Maxi-Cosi Priori XP

From (approx.) 9 months to 3.5 years old (9-18 kg)

### Protection from all sides

Safety is your number one priority when choosing a car seat for your growing child. Designed with a special side impact protection system, the award-winning Maxi-Cosi Priori XP helps protect your child in the event of a collision. Easy to install using your car's seat belt system, the car seat has a special belt tensioner to ensure extremely secure installation. The height, harness and sitting position can all be adjusted from the front of the car seat which, as test results prove, all adds up to outstanding protection for your child. ## Long-lasting comfort for your child's busy social life

We know that your car has now become your child's own personal taxi! That's why Maxi-Cosi - the leaders in child safety seats - has designed a long-lasting, durable and easy-to-clean seat that keeps up with the growth and development of your child. Whether travelling to a play date or to football training, the Group 2/3 (15-36kg) car seat will keep your child safe and comfortable, even on the longest journeys. **Enjoy. Maxi-Cosi.**

Child (Group 2/3)

# Maxi-Cosi Rodi AirProtect®

From approx. 3.5 to 12 years old (15-36 kg)

Sit back and relax

As a parent, you need to know you've done everything possible to protect your child. The revolutionary patented Maxi-Cosi Rodi AirProtect side impact technology has been specially designed to exceed even the most stringent safety tests. Designed to protect your child's head in the event of an accident, this car seat has optimal side impact protection for the hip area, too. Comfort is taken care of with a unique relaxed reclining position for all sizes of children and the length and width of the backrest can be adjusted to accommodate your growing child. Kids come in all shapes and sizes

What's wonderful about children is that every single one of them is unique and every child develops and grows differently. The Maxi-Cosi Rodi XP fits all shapes and sizes perfectly and, as the child grows, you can adjust the height and width to fit them. Their safety is taken care of with side impact protection covering their head, lower back and hips, and the whole seat is lightweight, making it trouble free to switch from one car to another.
